#### Grandparents enjoy their special day at NAM!

On Tuesday, November 26, 2013, North Avondale Montessori School hosted their annual Grandparent's Day. Grandparents come to school and visited their grandchild in the classroom and actively participated in Montessori lessons.

"This year we had well over 300 grandparents come to our school.

We love having our grandparents at school because of the wisdom and experience they can provide their grandchild and the support of our school. Our parents, students, and staff totally enjoy this day and we look forward to planning a special program for our grandparents," said Principal Roger R. Lewis.

Grandparents were treated to an Arts Sampler featuring Jeffrey Vonderschmidt, playing the cello, Warner Sanker playing the Suzuki Violin, and Gabriella Chatman playing a solo on the piano.

Each of their performances were outstanding as they displayed their individual artistic talents.

"The individual performances were awesome, but the 3 to 6 age level stole the show," said Music

Director, Wesley Barnfield. The 3 to 6 students sang "The Kangaroo Hop" and displayed a few dance moves that the grandparents thoroughly enjoyed.

Student art work was also displayed on the first floor for grandparents to view. Students created architectural projects of buildings and stadiums. "Having our students use reading, math, and science

to construct their project was an awesome learning experience," said Lillian Carter, Visual Art teacher. "Our grandparents were very impressed with the projects they viewed."

Mrs. Wilkerson, a grandparent at NAM and volunteer at the school, encouraged other grandparents to be involved at NAM. "I enjoy coming to NAM. The people are friendly and always have a smile on their face. I enjoy helping the 3 to 6 age level students learn how to read. By the end of school year they are able to read and I really enjoy helping the kids. Please consider being a part of our NAM family," she said.

Shannon Sanker, PTO President, said, "Our entire Montessori community was strongly represented today. Students, parents, and grandparents came to our program and showed their support for our children. Our community continues to grow and support each other and that is why we love NAM!"

NANA's Adopt-A-Class The Harvest party was held on October 31st. Olivia Wolf and her friend, Sophia Weathersby managed the party and had an activity reinforcing social skills. The students really enjoy the teens' involvement.

The Holiday Party is planned for Thursday, December 19th, starting at 1 PM. It is simply a holiday theme because families have different belief systems and no one should feel excluded. There are currently 27 students. We would like to give each a small gift. They are learning Alphabet, sounds and numbers. Each child does not need exactly the same thing. Drop off at 3885 Dakota Ave what ever you have that will work for kindergarten. We will bag up an assortment of small learning items and some food for each child. Books would be good. Also, individual drinks and something to eat with a holiday theme will be needed.

We appreciate the volunteers who tutored one day in October and two in November. Looking forward, Friday, December 13th will be the only date we can tutor. The December schedule is rather full.

## LORI HAMANN NEIGHBORHOOD LIAISON OFFICER

I grew up in the Cincinnati area and went to the University of

Cincinnati where I attained a bachelor's degree in Criminal Justice. Part of the curriculum was to complete an internship, or ride along, with the Cincinnati Police Department. The impression that made on me by their dedicated work and service was significant. I met a diverse group of

officers while being exposed to the reality of what officers do every day. I began Cincinnati's police academy in 2007 and upon completion I was fortunate to go to my first pick, District Four. I went to District Five in 2010 and stayed until my recent return to the Neighborhood Liaison Unit in August.
